Subject: draft policy statement

Hello Valerie.

I've just been given your draft on the treatment of human remains and funerary objects to review for Pinoleville Tribe. It looks to me to be a thorough and thoughtful policy. As I only work part-time for Pinoleville, they are not able to send a delegate to any of your consultation meetings.

However, Pinoleville appreciates the efforts being made, and will rely on the wisdom of those putting this policy together.

Thank you for your efforts,

Sincerely,

Diana Mongeau
Cultural Preservation
