Subject: Slave burial grounds - due date July 28th

Date: Wed, 5 Jul 2006 17:42:05 +0000

Does this policy apply to slave burial grounds, as well? I do not see anything that specifically calls this out. The Federal Courthouse building fiasco in Manhattan comes to mind. While a settlement was finally reached, it took a long time and it was clear the remains of these slaves were not valued. Having the policy address this situation will go a long way in providing dignity and respect for the African slaves that built this country.
