

**PROGRAMMATIC AGREEMENT AMONG
THE FEDERAL EMERGENCY MANAGEMENT AGENCY,
THE NEW YORK STATE HISTORIC PRESERVATION OFFICE,
THE NEW YORK STATE OFFICE OF EMERGENCY MANAGEMENT,
THE DELAWARE NATION,
THE DELAWARE TRIBE OF INDIANS,
THE SHINNECOCK NATION,
THE STOCKBRIDGE-MUNSEE COMMUNITY BAND OF MOHICANS,
THE NEW YORK CITY LANDMARKS PRESERVATION COMMISSION,
AND THE
ADVISORY COUNCIL ON HISTORIC PRESERVATION,
AS A RESULT OF HURRICANE SANDY**

WHEREAS, the mission of the Federal Emergency Management Agency (FEMA) of the Department of Homeland Security is to support our citizens and first responders to ensure that as a nation we work together to build, sustain, and improve our capability to prepare for, protect against, respond to, recover from, and mitigate all hazards; and

WHEREAS, as a result of Hurricane Sandy (DR-4085-NY) (Disaster Declaration), FEMA proposes to administer Federal disaster assistance programs set forth in Appendix A (Programs), pursuant to the Robert T. Stafford Disaster Relief and Emergency Assistance Act, Pub. L. No. 93-288 (1974) (codified as amended at 42 U.S.C. § 5121 *et seq.*) (Stafford Act); the National Flood Insurance Act of 1968, Pub. L. No. 90-448 (1968) (as amended); the Flood Disaster Protection Act of 1973, Pub. L. No. 93-234 (1973) (as amended); the National Flood Insurance Reform Act of 1994, Pub. L. No. 103-325 (1994) (as amended); and implementing regulations contained in Title 44 of the Code of Federal Regulations (CFR).

WHEREAS, FEMA has determined that implementation of its Programs may result in Undertakings (as defined by 16 U.S.C. § 470w and 36 CFR § 800.16(y)) that may affect properties listed in or eligible for listing in the National Register of Historic Places (National Register) pursuant to 36 CFR Part 60 (historic properties), and FEMA has consulted with the New York State Historic Preservation Officer (SHPO), the New York State Office of Emergency Management (OEM), the New York City Landmarks Preservation Commission (LPC), the Delaware Nation, the Delaware Tribe of Indians, the Shinnecock Nation, the Stockbridge-Munsee Community Band of Mohicans (Participating Tribe[s]) and the Advisory Council on Historic Preservation (ACHP) pursuant to Section 106 of the National Historic Preservation Act (NHPA), Pub. L. No. 89-665 (1966) (codified as amended at 16 U.S.C. § 470f) and Section 110 of NHPA (codified as amended at 16 U.S.C. §470h-2), and the Section 106 implementing regulations at 36 CFR Part 800; and

WHEREAS, FEMA, ACHP, and SHPO have determined that FEMA's Section 106 requirements can be more effectively and efficiently implemented and delays to the delivery of FEMA

Section 106 review subject to the terms of this Agreement, and FEMA shall coordinate the appropriate review as warranted; and

NOW, THEREFORE, FEMA, ACHP, SHPO, (as the signatories) OEM, Participating Tribe(s) (invited signatories), and LPC(concurring party) agree that the Programs in the State of New York shall be administered in accordance with the following Stipulations to satisfy FEMA's Section 106 responsibilities for all resulting Undertakings and effectively integrate historic preservation compliance considerations into the delivery of FEMA assistance. FEMA will not authorize implementation of an individual Undertaking until Section 106 review of the project is completed pursuant to this Agreement.

STIPULATIONS

To the extent of its legal authority, and in coordination with the other signatories, FEMA will require that the following measures be implemented:

I. GENERAL

A. Applicability

1. This Agreement applies immediately for this Disaster Declaration after execution by all signatory parties and will remain in effect for the duration of the period that the Disaster Declaration remains open for FEMA funding.
2. For FEMA undertakings that also are within the jurisdiction of the Federal Communications Commission's (FCC) and within the scope of its Section 106 Programmatic Agreements for communication facilities, FEMA defers Section 106 review in accordance with the ACHP Program Comment of October 23, 2009. The approval of funding for the FEMA Undertaking will be conditioned on the compliance of the subgrantee with FCC's applicable Section 106 review, including any required consultation with affected Tribe(s). FEMA will notify the SHPO when it applies the ACHP Program Comment to an Undertaking.
3. Other Federal agencies providing financial assistance for the type of Program activities covered under the terms of this Agreement may, with the concurrence of ACHP, FEMA, SHPO satisfy their Section 106 responsibilities by accepting and complying with the terms of this Agreement. "Other Federal Agencies" may include municipalities providing funds and acting as the Responsible Entity pursuant to 24 CFR Part 58. In such situations, the Federal Agency shall notify FEMA, SHPO and ACHP and other consulting parties to the PA, including participating tribes in writing of their intent to use this Agreement to achieve compliance with Section 106 requirements, and consult with those agencies regarding its section 106 compliance. Resumes of staff that meet the Secretary's Professional Qualifications and will review Tier II projects will be included with the notification. The Federal agency may utilize this Agreement to satisfying its Section 106 responsibilities by executing the

housing), 206.117(b)(4) (permanent housing construction), and 206.117(c)(1)(vi) (privately owned access routes), FEMA will conduct Section 106 review.

10. FEMA has determined that the following types of activities have limited or no potential to affect historic properties and FEMA has no further Section 106 responsibilities, pursuant to 36 CFR § 800.3(a)(1):
 - b. Administrative actions such as personnel actions, travel, procurement of services, supplies (including vehicles and equipment) for the support of day-to-day and emergency operational activities, and the temporary storage of goods provided storage occurs within existing facilities or on previously disturbed soils.
 - c. Preparation, revision, and adoption of regulations, directives, manuals, and other guidance documents.
 - c. Granting of variances, and actions to enforce Federal, State, or local codes, standards or regulations.
 - d. Monitoring, data gathering, and reporting in support of emergency and disaster planning, response and recovery, and hazard activities.
 - e. Research and development of hazard warning systems, hazard mitigation plans, codes and standards, and education/public awareness programs.
 - f. Assistance provided for planning, studies, design and engineering costs that involve no commitment of resources other than staffing and associated funding.
 - g. Assistance provided for training, management and administration, exercises, and mobile/portable equipment purchases; with the exception of potential ground-disturbing activities and modification of existing structures.
 - h. Community Disaster Loans for funding to perform governmental functions for any eligible jurisdiction in a designated disaster area that has suffered a substantial loss of tax and other revenue.
 - i. Acquisition or lease of existing facilities where planned uses conform to past use or local land use requirements.
 - j. Funding the administrative action of acquiring properties in buyout projects e.g., surveys, legal fees, non-destructive abatement activities), excluding the real estate transaction and demolition. Per Item III.D, OEM shall advise its subgrantees that they may jeopardize Federal funding if work is performed without all required local, State and Federal licenses, permits or approvals, including the completion of the Section 106 process.

- b. FEMA will coordinate with the LPC to help LPC ensure that subgrantees apply for permits.
 - i. If an Undertaking as defined by 36 CFR § 800.5 has the potential to adversely affect an LPC designated property or one calendared for designation, then FEMA will provide LPC with the same documentation that is provided to SHPO and Participating Tribe(s).
 - ii. When LPC notifies FEMA that an Undertaking is subject to further LPC review and permitting, FEMA EHP may approve the project and will notify the Grantee that the subgrantee is responsible for obtaining a permit from LPC.
 - iii. FEMA will request LPC to be a consulting party on any Memorandum of Agreement (MOA) that is written to resolve adverse effects to buildings that are LPC designated or proposed landmarks.
- c. FEMA alone shall conduct all project consultation with participating Tribes. In accordance with 36 CFR § 800.2(c)(4), FEMA may authorize the Grantee, or a subgrantee through the Grantee, to initiate the Section 106 process with the SHPO and other consulting parties, assist in identifying other consulting parties with a demonstrated interest in the Undertaking, and prepare any necessary analyses and documentation, but FEMA will remain legally responsible for determinations of National Register eligibility and findings of effect recommended by the authorized party. FEMA shall follow the process set forth in Stipulation I.B.1.a, FEMA Roles and Responsibilities, above and notify the SHPO in writing when a Grantee or subgrantee has been authorized to initiate consultation on FEMA's behalf.
- d. Prior to authorizing the release of funds for individual undertakings requiring grant conditions pursuant to this Agreement, FEMA will inform OEM of all stipulations and conditions and ensure that they are understood so they can be adequately conveyed to subgrantees. FEMA will work in partnership with OEM to provide subgrantees with guidance on in-kind repair pursuant to The Secretary of the Interior's Standards for the Treatment of Historic Properties 1995 (Standards), 36 CFR Part 68, or the most updated version, and techniques to avoid or minimize adverse effects to historic properties.
- e. FEMA shall provide the signatories and invited signatories with bi-annual reports for the previous six months by July 1st and December 31st of each year that this Agreement is in effect. This annual report will summarize the actions taken to implement the terms of this Agreement, statistics on Undertakings reviewed, and recommend any actions or revisions to be considered, including updates to the appendices.
- f. FEMA will confer bi-annually and as necessary with signatories and invited signatories to this Agreement within 30 days after issuance of the annual report, to review the report and/or discuss issues and concerns in greater detail.

- g. The SHPO may assist local jurisdictions or OEM with advance planning efforts to consider historic properties related to their preparedness, homeland security, response, recovery, and mitigation programs, for which FEMA funding may be requested.
- h. The SHPO will coordinate with FEMA, to identify consulting parties, including any communities, organizations, or individuals that may have an interest in a specific Undertaking and its effects on historic properties.

3. LPC

- a. LPC will review FEMA Undertakings that have the potential to adversely affect an LPC designated property or one calendared for designation using FEMA consultation documents that are provided to SHPO and Participating Tribe(s) so that LPC may notify FEMA whether or not an LPC property may be affected by the Undertaking and will require a LPC permit.
- b. LPC understands that if it does not respond to FEMA's submittal of Undertakings to them within the timeframes outlined in Stipulation I.E, i.e. within 4 days under emergency conditions, 15 days for IA and PA Undertakings and 30 days for HMGP Undertakings, FEMA will assume that none of the Undertakings are subject to LPC review and permitting and will proceed with the Undertaking.

4. OEM:

- a. OEM shall ensure that its subgrantees understand and acknowledge conditions and potential requirements that may be placed upon Undertakings as a result of Section 106 consultation and the provisions of this Agreement.
- b. Subgrantee government and private non-profit agencies are advised in OEM applicant briefings and program materials that FEMA funding may be jeopardized unless all local, State and Federal permits, licenses and approvals are received. NYC LPC reviews and permits were discussed in briefings held for NYC agencies and private non-profits. The official notice to a subgrantee that an Undertaking is subject to further LPC review will be the project approval document specifying the project scope and limits, and containing all conditions and caveats, including an approved Project Worksheet (PW) for a Public Assistance project, and an approved Application for an HMGP project.
- c. OEM will participate in an initial scoping meeting for the Disaster Declaration.
- d. OEM shall ensure that subgrantees understand that failure to comply with the terms of this Agreement and any project-specific conditions could jeopardize FEMA funding.

D. Public Participation

1. FEMA recognizes that the views of the public are essential to informed decision making throughout the Section 106 review process. FEMA will notify the public of proposed Undertakings in a manner that reflects the nature, complexity, and effect(s) of the Undertaking, the likely public interest given FEMA's specific involvement, and any confidentiality concerns of affected Tribe(s), and private individuals and businesses.
2. FEMA will consult with OEM, the subgrantee, SHPO, and Participating Tribe(s), to determine if there are individuals or organizations with a demonstrated interest in historic properties that should be made aware of an Undertaking. If such parties are identified or identify themselves to FEMA, FEMA will provide them with information regarding the Undertaking and its effect on historic properties, consistent with the confidentiality provisions of 36 CFR § 800.11(c).
3. In accordance with the outreach strategy developed for an Undertaking in consultation with the SHPO and Participating Tribe(s), for involving the public, FEMA will identify the appropriate stages for seeking public input during the Section 106 process.
4. FEMA will consider all views provided by the public regarding an Undertaking and will consider all written requests of individuals and organizations to participate as consulting parties, and in consultation with the SHPO and Participating Tribe(s), determine which should be consulting parties. FEMA will invite any individual or organization that will assume a specific role or responsibility outlined in a Section 106 agreement document to participate as an invited signatory party in that agreement document.
5. FEMA also may provide public notices and the opportunity for public comment or participation in an Undertaking through the public participation process of the National Environmental Policy Act (NEPA) and its implementing regulations set out at 44 CFR Part 10, and/or Executive Orders 11988 and 11990 relating to floodplains and wetlands as set out in 44 CFR Part 9, and Executive Order 12898, Environmental Justice, provided such notices specifically reference Section 106 as a basis for public involvement.

E. Timeframes

All time designations will be in calendar days unless otherwise stipulated. If any signatory or invited signatory does not object to FEMA's determination related to a proposed action within an agreed upon timeframe, FEMA may proceed to the next step in the review process as described in Stipulation II, Project Review. Due to the varied nature of Undertakings, the individual response times to FEMA's requests for comment/concurrence will vary.

B. Expedited Review for Emergency Undertakings

1. As part of the Disaster Declaration process, FEMA will define the time interval during which the disaster causing incident occurs (the incident period, as defined in 44 CFR § 206.32(f)). FEMA may approve Federal assistance and/or funding for emergency work (as defined in 44 CFR § 206.201(b)) that occurs during the incident period, including work already completed, in response to an immediate threat to human health and safety or improved property. FEMA will conduct expedited review of emergency Undertakings from October 27, 2012, the beginning of the incident period, until January 27, 2013.
2. Should FEMA determine that it is necessary to extend the expedited review period beyond January 27, 2012, FEMA will request in writing, prior to the expiration of the expedited review period, an extension of the period of applicability in 30-day increments in accordance with 36 CFR § 800.12(d).
3. For all emergency Undertakings, FEMA will determine the following:
 - a. If the Undertaking is an immediate rescue and salvage operations conducted in response to an event to preserve life and property, FEMA has no Section 106 review responsibilities in accordance with 36 CFR § 800.12(d); or
 - b. If the Undertaking meets one or more of the Allowances in Appendix B of this Agreement, FEMA will complete the Section 106 review process pursuant to Stipulation II.A.1, Programmatic Allowances.
 - c. If FEMA determines that the emergency Undertaking will adversely affect a historic property during this expedited review period, to the extent practicable FEMA may propose treatment measures that would address adverse effects during implementation, and request the comments of the SHPO and/or the affected Tribe(s) within 3 days of receipt of this information unless FEMA determines the nature of the emergency warrants a shorter time period. FEMA may elect to consult with the SHPO and/or the affected Tribe(s) regarding the emergency Undertaking at any point before or during the implementation of an emergency Undertaking if FEMA determines circumstances are appropriate for expedited consultation.
 - d. FEMA may provide this information through written requests, telephone conversations, meetings, or electronic media. In all cases, FEMA will clarify that an "expedited Undertaking review" is being requested.
 - e. FEMA will take into account any timely comments provided by SHPO and/or the affected Tribe(s) and notify the parties of how their comments were taken into consideration by FEMA, OEM, and subgrantee.

5. FEMA will document its findings concerning each property that is proposed for demolition and will submit a report to the SHPO and other consulting parties, as appropriate that includes two (2) photographs of each property (more if associated resources are present) and text that briefly but adequately explains FEMA's determination of National Register eligibility and effects. These reports will be submitted via the SHPO's dedicated electronic mail account at femarecovery@parks.ny.gov.
6. SHPO will review the reports, provide its concurrence or ask for more information via electronic mail within three (3) business days. If SHPO does not concur with FEMA's finding for any property, both agencies will conduct further consultation as soon as possible to clarify FEMA's determinations or to resolve any disagreements.
7. To the extent practicable, demolition of every structure will be carried out following low impact protocols – limiting disturbance to the footprint of the existing structure, limiting the use of heavy equipment on the property, pushing all foundation materials into the building basement and emphasizing that the contractors make reasonable efforts to avoid or minimize harm to any archaeological deposits. In addition, FEMA's PA Program does not fund the removal of slabs, further ensuring that these undertakings will likely have minimal impact on archaeological resources. In most instances FEMA will make the determination that no historic properties will be affected by the demolition.
8. In cases where a demolition site is considered to be archaeologically sensitive monitoring will be required by an archaeologist who meets the Secretary's Professional Qualifications Standards. This determination will be made on a case-by case-basis by FEMA in consultation with the SHPO and other consulting parties. Eligibility determinations, assessment of effects and resolution of adverse effects will be made subsequent to identification of an archeological property. Uprooted trees and exposed stumps will be removed in accordance with the Stump Removal Policy in Appendix E.
9. Demolition of eligible historic buildings/structures may be adverse and may require development of a Memorandum of Agreement (MOA) to mitigate any adverse effects. If FEMA determines that any property demolition is an Undertaking that will result in adverse effects, it will enter into consultation with the SHPO and other appropriate consulting parties to develop an MOA to mitigate the adverse effects as required under Section 106. FEMA may choose to identify, in consultation with the SHPO, standard treatment measures to mitigate adverse effects to multiple properties.

- c. Determinations of Eligibility: FEMA shall review or determine National Register eligibility based on identification and evaluation efforts, and consult with SHPO and Participating Tribe(s) regarding these determinations. Should the SHPO or Participating Tribe(s) disagree with the determination of eligibility, FEMA may elect to either continue consultation, treat the property as eligible for the National Register, or to obtain a determination of eligibility from the Keeper of the National Register in accordance with 36 CFR § 63.2(d)-(e) and 36 CFR § 800.4(c)(2).
- d. Findings of No Historic Properties Affected: FEMA shall make a finding of “no historic properties affected” if no historic properties are present in the APE; the Undertaking is designed to avoid historic properties, including archaeological sites or properties of religious or cultural significance to Participating Tribe(s); or the Undertaking does not affect the character defining features of a historic property.
 - i. FEMA shall notify the SHPO, Participating Tribes(s), and any other consulting parties of this finding and provide supporting documentation in accordance with 36 CFR § 800.11(d) and applicable documentation standards. Unless the SHPO or Participating Tribe(s) objects to the finding pursuant to the appropriate timeframe outlined in Stipulation I.E.2 or I.E.3, Timeframes, FEMA shall complete the Section 106 review.
 - ii. If the SHPO or Participating Tribe(s) objects to a finding of “no historic properties affected”, FEMA may elect to consult with the objecting party to resolve the disagreement. If the objection is resolved, FEMA may proceed with the action in accordance with the resolution. FEMA also may elect to reconsider effects on the historic property by applying the criteria of adverse effect pursuant to Stipulation II.D.4, Application of the Criteria of Adverse Effect. If FEMA is unable to resolve the disagreement, it will forward the finding and supporting documentation to the ACHP and request that the ACHP review FEMA’s finding in accordance with 36 CFR § 800.4(d)(1)(iv)(A) through 36 CFR § 800.4(d)(1)(iv)(C). FEMA will consider the ACHP’s recommendation in making its final determination.
4. Application of the Criteria of Adverse Effect: If FEMA finds an Undertaking may affect identified historic properties in the APE, including properties of religious or cultural significance to Participating Tribe(s), or if a consulting party objects to the finding of “no historic properties affected,” FEMA will apply the criteria of adverse effect to historic properties within the APE(s), taking into account the views of the consulting parties and public concerning effects in accordance with 36 CFR § 800.5(a).
 - a. If FEMA determines that an Undertaking does not meet the adverse effect criteria or, for a standing structure, that the Undertaking meets the *Standards*, FEMA shall propose a finding of “no adverse effect” in accordance with 36 CFR § 800.5(b).

1. FEMA will notify the consulting parties in writing of its proposed use of a specific Treatment Measure, or combination of Treatment Measures with the intent of expediting the resolution of adverse effects and provide documentation as required by 36 CFR §800.11(e) and subject to the confidentiality provisions of 36 CFR §800.11(c), as well as provide the ACHP with an adverse effect notice in accordance with 36 CFR §800.6(a)(1) and notify them of FEMA's intent to apply the Treatment Measure(s). Unless a consulting party or the ACHP objects within fifteen (15) days of receipt of FEMA's proposal, FEMA will proceed with the use of Treatment Measure(s) and will complete Section 106 review.
 2. If any of the consulting parties or the ACHP objects within the 15 day review and comment period to the resolution of adverse effects through the application of the Abbreviated Consultation Process, FEMA shall consult further with the consulting parties to explore options for resolution of the adverse effect(s). If consultation is not successful after an additional 15 day period, FEMA shall request that the ACHP arbitrate the consultation and help identify a final resolution of the adverse effect(s). If no consensus is reached, FEMA shall resolve the adverse effect(s) using procedures outlined below in Stipulation II.E.5.b, Memorandum of Agreement.
 3. Because funding and implementation details of Treatment Measure(s) for specific Undertakings may vary by program, FEMA will provide written notice to the consulting parties within sixty (60) days of the completion of the Treatment Measure(s). This written notice will serve as confirmation that the Treatment Measure(s) for a specific Undertaking have been implemented. FEMA will also include information pertaining to the completion of Treatment Measures in the annual report pursuant to Stipulation I.B.1,d, FEMA Roles and Responsibilities.
- b. Memorandum of Agreement (MOA): If the Abbreviated Consultation Process is determined infeasible or is objected to by any of the consulting parties, FEMA, in consultation with the other consulting parties, will develop an MOA in accordance with 36 CFR § 800.6(c) to stipulate treatment measures to avoid, minimize, and/or mitigate adverse effects on historic properties. If the ACHP was not previously notified of the adverse effect, FEMA will provide the documentation outlined in 36 CFR §800.11(e), and the ACHP will have 15 days to review the undertaking and determine if its participation is necessary to complete the consultation process. The MOA may also include feasible treatment measures that serve an equal or greater public benefit in promoting the preservation of historic properties in lieu of more traditional treatment measures. Should the execution of an MOA not be appropriate given the nature and significance of historic properties, scale of adverse effects, or include one or more complex Undertakings, FEMA shall resolve the adverse effects using the procedures outlined below in Stipulation II.E.5.c, Programmatic Agreement.

with timeframes to identify the discovery, take into account the effects of the Undertaking, resolve adverse effects if necessary, and ensure compliance with applicable Federal and State statutes.

5. In cases where discovered human remains are determined to be American Indian, FEMA shall consult with the appropriate Tribal representatives and SHPO. In addition, FEMA shall follow the guidelines outlined in the ACHP's *Policy Statement Regarding the Treatment of Burial Sites, Human Remains, and Funerary Objects* (2007).
6. FEMA will coordinate with OEM and the subgrantee regarding any needed modification to the scope of work for the Undertaking necessary to implement recommendations of the consultation and facilitate proceeding with the Undertaking.

C. Curation

1. FEMA and OEM shall ensure that all records and materials (collections) produced during the course of an archaeological survey, testing, and any data recovery operations for the implementation of its Undertakings are curated at a facility, preferably in-state, that meets the standards of, and in accordance with the applicable provisions of 36 CFR Part 79, "Curation of Federally Owned and Administered Archaeological Collections," and applicable State law and guidelines.
2. In cases where the survey, testing, or data recovery are conducted on private land, any recovered collections remain the property of the land owner and FEMA will return the collections to them with the assistance of the SHPO. In such instances, FEMA and OEM, in coordination with the SHPO or Participating Tribe(s), shall encourage land owners to donate the collection(s) to an appropriate public or Tribal entity. In cases where the property owner declines to accept responsibility for the collection(s) and wishes to transfer ownership of the collection(s) to a public or Tribal entity, FEMA and OEM will ensure curation of the collection(s) in accordance with Stipulation III.C.1 above.

D. Anticipatory Actions and After the Fact Review

1. OEM shall advise its subgrantees that they may jeopardize Federal funding if work is performed without all required local, State and Federal licenses, permits or approvals, including the completion of the Section 106 process. FEMA also shall document this requirement in its Record of Environmental Consideration, as applicable, as well as all project approval documents specifying the project scope and limits, and containing all conditions and caveats, including an approved Project Worksheet (PW) for a Public Assistance project, and an approved Application for an HMGP project.
2. In accordance with Section 110(k) of the NHPA, FEMA shall not grant assistance to a subgrantee who, with intent to avoid the requirements of this Agreement or Section 106 of the NHPA, has intentionally significantly and adversely affected a historic

3. Appendix A (FEMA Programs), Appendix B (Programmatic Allowances) and Appendix C (Treatment Measures) may be amended at the request of FEMA, a signatory party, or an invited signatory party in the following manner:
 - a. FEMA, on its own behalf or on behalf of another signatory or invited signatory, shall notify all signatory and invited signatory parties to this Agreement of the intent to add to or modify the current Appendix or Appendices and shall provide a draft of the updated Appendix or Appendices to all signatory and invited signatory parties.
 - b. If no signatory or invited signatory object in writing within 15 days of receipt of FEMA's proposed addition or modification, FEMA will date and sign the amended Appendix and provide a copy of the amended Appendix to all signatory and invited signatory parties.

B. Dispute Resolution

1. Should any signatory or invited signatory to this Agreement object in writing within 30 days to the terms of this Agreement, FEMA will consult with the objecting party for not more than 30 days to resolve the objection.
2. If the objection is resolved within 30 days, FEMA shall proceed in accordance with the resolution.
3. If FEMA determines within 30 days that the objection cannot be resolved, FEMA will forward to ACHP all documentation relevant to the objection, including FEMA's proposed resolution. Within 30 days of receipt, ACHP will:
 - a. Concur in FEMA's proposed resolution; or
 - b. Provide FEMA with recommendations, which FEMA will take into account in reaching a final decision regarding the objection; or
 - c. Notify FEMA that the objection will be referred for comment in accordance with 36 CFR § 800.7(a)(4), and proceed to do so. FEMA will take the resulting comment into account.
4. FEMA will take into account any ACHP recommendations or comments, and any comments from the other signatories and invited signatories, in reaching a final decision regarding the objection in accordance with 36 CFR § 800.7(c)(4). The signatories will continue to implement all other terms of this Agreement that are not subject to objection.
5. Should ACHP not respond within 30 days, FEMA may assume ACHP has no comment and proceed with its proposed resolution to the objection.

D. Duration and Extension

1. Unless terminated in accordance with Stipulation IV.C.2 or IV.C.4, Severability and Termination, this Agreement shall remain in effect until FEMA, in consultation with all other signatories, determines that all undertakings related to 4085-DR-NY have been completed.
2. If another federally-declared disaster occurs within the State of New York while this PA is effective, the signatories and invited signatories will consult to determine whether it would be appropriate to extend the PA. If the parties agree that the extension of this PA is an acceptable mechanism for reviewing undertakings as a result of the new disaster, its duration shall be extended pursuant to Stipulation IV.A.

E. Execution and Implementation

1. This Agreement may be implemented in counterparts, with a separate page for each signatory, invited signatory and concurring party and will become effective on the date of the final signature, and will become effective on the date of signature by FEMA, SHPO, and ACHP. FEMA will ensure that each signatory, invited signatory and concurring party is provided with a complete copy.
2. Execution and implementation of this Agreement evidence that FEMA has afforded ACHP a reasonable opportunity to comment on FEMA's administration of all referenced Programs, and that FEMA has satisfied its Section 106 responsibilities for all individual Undertakings of the Programs.
