- D. ACHP, SHPO, and concurring parties shall provide comments within sixty (60) calendar days of receipt of the draft final CRMP. If no comments are received within this comment period, Reclamation may assume ACHP, SHPO, and concurring parties, if appropriate, have no comment and concur with the contents of the draft final CRMP.

This report will include a detailed summary of activities with the potential to affect historic properties conducted during the preceding two years. - B. If Reclamation determines that an objection cannot be resolved, Reclamation will:
1. Forward all documentation relevant to the dispute, including Reclamation's proposed resolution, to the ACHP. The ACHP shall provide Reclamation with its advice on the resolution of the objection within thirty (30) days of receiving adequate documentation. Prior to reaching a final decision on the dispute, Reclamation shall prepare a written response that takes into account any timely advice or comments regarding the dispute from the Signatories, concurring parties, and consulting tribes and provide them with a copy of this written response. Reclamation will then proceed according to its final decision.
 2. If the ACHP does not provide its advice regarding the dispute within the thirty (30) day time period, Reclamation may make a final decision on the dispute and proceed accordingly. Prior to reaching a final decision, Reclamation shall prepare a written response that takes into account any timely comments regarding the dispute from the Signatories, concurring parties, and consulting tribes to the MOA, and provide them and the ACHP with a copy of such written response.

- B. If within thirty (30) days an amendment cannot be reached, any Signatory may terminate the MOA upon written notification to the other Signatories. Termination shall render this MOA without further force or effect.
- C. Once this MOA is terminated, and if Reclamation determines that the undertaking will nonetheless proceed, then Reclamation shall either execute an MOA pursuant to 36 C.F.R. § 800.6 to resolve adverse effects or request, take into account, and respond to the comments of the ACHP pursuant to 36 C.F.R. § 800.7. Reclamation shall notify the Signatories and concurring parties as to the course of action it will pursue.

This MOA will expire if its terms are not carried out within five (5) years from the date of its execution or upon signing of the Final CRMP, whichever date is first. Prior to such time, Reclamation may consult with the other Signatories to reconsider the terms of the MOA and amend it in accordance with Stipulation VII above.

X. EFFECTIVE DATE

This MOA will take effect on the date that it has been fully executed by the Signatories. Upon execution of this MOA, all parties agree that Reclamation may proceed with actions required to complete this undertaking.

XI. ANTI-DEFICIENCY ACT

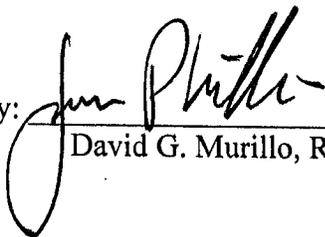

The obligations under this MOA are subject to the availability of appropriated funds, and the stipulations of this MOA are subject to the provisions of the Anti-Deficiency Act. Reclamation will make reasonable and good faith efforts to secure the necessary funds to implement this MOA in its entirety. If compliance with the Anti-Deficiency Act alters or impairs Reclamation's ability to implement the stipulations of this MOA, Reclamation will consult in accordance with the amendment and terminations procedures found at Stipulations VIII and IX of this MOA.

EXECUTION of this MOA by the Signatories, and implementation of its terms evidence that Reclamation has taken into account the effects of this undertaking on historic properties and afforded the ACHP an opportunity to comment.

This MOA may be executed in counterparts, each of which shall constitute an original, and all of which shall constitute one and the same agreement.
