(AGREEMENT)**

WHEREAS, the Agreement was executed on April 19, 2017; and

WHEREAS, the purpose of this is to update the number of boxes in the Hussey Collection and reiterate responsibilities, add an expected time of completion for analysis of the collection, and to add additional language to clarify the Annual Reporting responsibilities of Walla Walla VAMC; and

NOW, THEREFORE, in accordance with Stipulation X of the Agreement, Walla Walla VAMC, DAHP, ACHP, and CTUIR agree to amend the Agreement as follows:

1. Amend Stipulation V so it reads as follows:

V. Artifact Analysis, Archival Management, and Curation

A. Hussey Collection. The Hussey Collection is an assemblage of historic artifacts recovered by Professor Larry Hussey on Walla Walla VAMC and surrounding parcels from circa 1980-2000. Presently, an unknown quantity of artifacts and documentation (ca. 500 boxes) are stored at the Walla Walla VAMC Campus, and Fort Walla Walla Museum. The Walla Walla VAMC commits to the analysis, cataloguing, and curation of the collection (Attachment C).

1. Walla Walla VAMC will prepare a Curation Plan within two years of the signature of the revised MOA, executed April 2017, in consultation with DAHP and the Consulting Parties to evaluate the collection and identify the level of effort needed to accomplish analysis and final curation goals through the guidance of 36 CFR Part 79, "Curation of Federally Owned and Administered Archaeological Collections." The Curation Plan will identify staffing, lab space, and equipment needs for implementation of curation activities, identify partnership opportunities and/or consultant qualifications, identify qualified

curation facilities, and estimate financial needs and funding sources. The Curation Plan for the Hussey Collection shall be incorporated into the Historic Preservation Plan presented in Stipulation VII.B.

2. Walla Walla VAMC will ensure the entire Hussey Collection is analyzed, interpreted in the context of the excavations that produced them, and reported on within five years of signing this MOA. Drafts of the report will be provided to consulting parties. The final report(s) will be placed on WISAARD. Walla Walla VAMC will provide a Secretary of the Interior Qualified Archaeologist to analyze, interpret, and report on the entire Hussey Collection.

2. Add Item C to Stipulation VIII so it reads as follows:

C. Walla Walla VAMC will hold an Annual Meeting between the months of October and November after the Annual Report has been submitted. The purpose of the meeting is to conduct an on-site review of completed or ongoing mitigation measures and to discuss existing and planned construction that may affect cultural resources.
